The test result values are number of animals tested positive over number of animals tested.

ND = Not done

**Ranking of the current status**

Superior

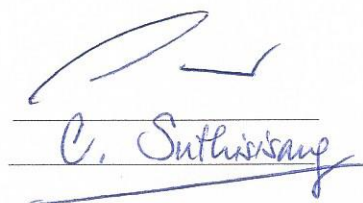

Excellent

Good

**Footnotes:** Microbiology was performed by cultivation methods. The results revealed that *Pasteurella pneumotropica* was isolated (100%) with no clinical signs of disease and no other significant organism isolated.

Superior is no positive result in all categories, excellent is no positive result of pathogens in Category A, B, C and E, good is no positive result of pathogens in category A, B and E.
